Baseline Security Review

Certificate of completion

This certifies that a baseline security review was completed for

Vantage Ventures Inc.

Customer portal · portal.vantageventures.ca

REVIEW COMPLETED	September 28, 2026
PERFORMED BY	Mohamed Farah, MohManaged
CERTIFICATE ID	VV-BSR-2026-001
NEXT REVIEW BY	September 28, 2027

What was reviewed

- ✓ Who has access to the systems
- ✓ How the database is protected from public access
- ✓ Logs, secrets vault and public files for exposed keys
- ✓ Test versions of the site require a login
- ✓ Secure connection and browser protections
- ✓ Firewall and site protection settings
- ✓ Backups
- ✓ Activity logs

Result. No high-severity findings were identified in the areas reviewed. Recommendations for further strengthening were provided to the client.

Scope. The configuration of the client's database and hosting accounts for its customer portal.

Not included. Application code, file storage, penetration testing, and any regulatory or compliance audit.
